

The Rosalee Noble MEMORIAL RACE

“Because She Cared”

Rosalee Noble was a loving mother, wife, and an ultra-competitive drag racer! She was locally recognized for her contributions to the local drag racing community and numerous on-track accomplishments, including track championships, in her signature racecar, the Care Wagon. Rosalee is a member of the Coles County Dragway Hall of fame. On a national scale, she was known and beloved for her efforts within DRAW (Drag Racing Association for Women). DRAW is an organization to help racers injured in on track incidents. While Rosalee was a part of the organization, DRAW raised over six million dollars and helped over 1,000 racing families. She is the only person that has been inducted into all six major drag racing halls of fame from the east to west coast. Rosalee raised a wonderful family with her husband and Care Wagon crew chief, Terry. Together they had two kids, Tim and Rick, who have gone on to give Rosalee and Terry five grandchildren and four great-grandchildren, all of which will be on property the day of the main event!
